    <h2>About Us</h2>
    <p>Welcome to The Beeyoungcakes Bakeshoppe, where our passion
```

In this challenge, I applied layouts and menus to the planned website for The Beeyoungcakes Bakeshoppe. Using XHTML, I structured the webpage to include a navigation menu and an organized layout for key sections like the gallery, menu, and contact information. This project showcased my ability to implement proper design elements based on my learning from W3Schools and is part of the ongoing "IntroToComputing-Challenges" repository.
