Goal and Plan

1. Goal

- **Objective**: Create a website for my final project in Intro To Computing
- **Deadline**: Complete the website in 2 weeks.

---

2. Plan

Phase	Task	Deadline	Notes
Planning	Research website examples	day1	Find 5 inspiring portfolio sites.
Content	Write examples for pages	day2	Pages: Home, About, Projects, Contact.
	Collect images of projects	day3	Ensure high resolution.
Design	find layout or templates	day 4	w3-school.
	Decide color scheme & fonts	day 4	Keep it clean and professional.
Development	Build the website structure	day5	Set up domain and hosting.
	Add content and test features	day 6	Check responsiveness.
Launch	Final review and bug fixes	day 7	Test on multiple devices.

Key Notes

- Keep it simple and focused on the main purpose.
- Use free or beginner-friendly tools if needed.
- Regularly check progress to stay on track.
